

THE DRONE CODE

400ft (120m)

Don't fly near airports or airfields

Remember to stay below 400ft (120m)

Observe your drone at all times – stay 150ft (50m) away from people and property

Never fly near aircraft

Enjoy responsibly

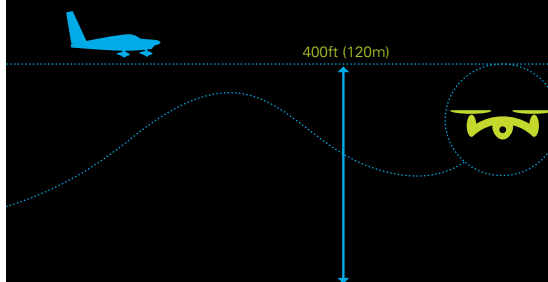

BE **DRONE SAFE**

Always keep your drone in sight

This means you can **see** and **avoid** other things while flying

It's against the law to fly your drone over 400ft (120m)

This reduces the likelihood of a **conflict** with manned aircraft

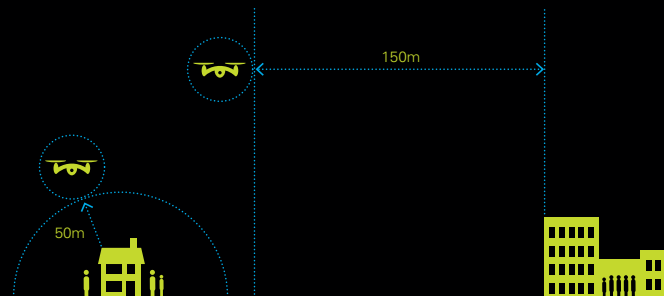

BE **DRONE AWARE**

Every time you fly your drone you must follow the manufacturer's instructions

Keep your drone, and the people around you, **safe**

Keep the right distance from people and property

People and properties – **150ft (50m)**
Crowds and built up areas – **500ft (150m)** and **don't overfly**

BE **DRONE LEGAL**

You are responsible for each flight

Legal responsibility lies with **you**
Failure to fly responsibly could result in **criminal prosecution**

Stay well away from aircraft, airports and airfields

It is against the law to fly your drone within 1km of an airport or airfield boundary

If your drone endangers the safety of an aircraft it is a **criminal offence** and you could go to prison for five years
